

TRACKED CARRIERS

350 [E]

The 350E from Tracked Carriers provides a cost effective and convenient way to move heavy and bulky goods across all types of terrain and even stairs.

Effort and labour can be reduced by those who deliver, install or move awkward items by reducing unnecessary manual handling whilst simultaneously offering a safe "hands off" approach thanks to the wireless remote control.

Battery powered and robust, the 350E is compact enough to fit almost anywhere yet has a generous platform size, it is also light enough to be transported easily and to reduce ground pressure on sensitive floors. Capable of climbing stairs and steep gradients, the low height of the machine ensures stability and ease of loading.

FEATURES

- Stair climbing ✓
- DC electric drive ✓
- 2 speed remote control ✓
- Maintenance free AGM batteries ✓
- Non-marking tracks **Optional**

CAPACITIES	Max capacity on level ground	350kg
	Max capacity at max gradient	150kg
	Max gradient	45°
	Max side slope	30°
	Max speed	1.5km/h
	Unladen weight	155kg

POWER	Power (max)	1.5kW
	Voltage	24V
	Battery capacity	45Ah
	Charger input	110V-230V

DIMENSIONS	Width overall (A)	700mm
	Width of platform (B)	680mm
	Length of platform (C)	1000mm
	Length overall (D)	1100mm
	Height (E)	285mm
	Track width (F)	130mm
	Track length on ground (G)	600mm
	Ground clearance (H)	70mm
