

TRACKED CARRIERS

700 R PRO

The 700 series from Tracked Carriers is incredibly compact, enabling access to the most restricted sites. Whilst only 600mm wide, the 700 R and 700 PRO models have a generous maximum capacity of 700kg and all the features of the larger models.

Tracked Carriers **R** models use state-of-the-art technology whilst being simple to operate, reliable and easy to maintain.

PRO models offer increased features such as gradient-monitoring, information feedback and a smart auxiliary output, ideal when increased safety measures are required or powered attachments make the job easier.

FEATURES

R MODEL **PRO** MODEL

Efficient direct AC electric drive	●	●
Fully proportional remote control	●	●
Maintenance free AGM batteries	●	●
Hazard lights front and rear	●	●
Switchable motion alarm	●	●
On board diagnostics	●	●
Adaptable and extendable platform	●	●
LCD information screen on remote control	—	●
Smart auxiliary output socket	—	●
Automatic gradient/speed monitoring	—	●
Non-marking tracks	○	○
Wide range of attachments	○	○

○ = Optional ● = As Standard

CAPACITIES		
Max capacity on level ground		700kg
Max capacity at max gradient		175kg
Max gradient		45°
Max side slope		30°
Max speed		3.5km/h
Unladen weight		250kg

POWER		
Power (max)		2.2kW
Voltage		24V
Battery capacity		95Ah
Charger input		110V-230V

DIMENSIONS		
Width overall (A)		600mm
Width of bed (B)		590mm
Length of bed/overall (C)		1050mm
Length extended (D)		1600mm
Height (E)		355mm
Track width (F)		130mm
Track length on ground (G)		760mm
Ground clearance (centre)		55mm
